

CENEN-NET

NEW GENERATION NUCLEAR ENERGY PARTNERSHIP

CENEN-NET project is solved in scope of Operational Program Education for Competitiveness in priority axes no. 2 - Tertiary Education, Research and Development and area of support no. 2.4. - Partnership and networking.

The goal of the project is to intensify collaboration between involved universities which offer education in field of nuclear energy and are members of CENEN network (Czech Nuclear Education Network).

Involved organisations: Czech Technical University in Prague, Institute of Chemical Technology Prague, University of West Bohemia Pilsen, VŠB-Technical University of Ostrava, Brno University of Technology, Technical University of Liberec, State Office for Nuclear Safety, CEZ GROUP, Nuclear Research Institute Řež, ŠKODAJS a.s. and VÍTKOVICE ÚAM a.s.

Fundamental activities of the project are interships among individual working compartment, together with workshops and conferences which are important to strengthen and foremost making new contacts in national and international academic, state and even industrial bodies. Key part is foundation of project support office aimed to help CENEN members to prepare domestic and international projects.

Activities are focussed to transfer of knowledge and moreover forwarding of contacts to industrial institutions home and abroad from Prague universities to universities outside of Prague. Another part is to arrange sharing of contacts between regional universities themselves.

The main output of the project is than tighter collaboration between universities, state and industrial bodies and creating of contacts.

Target group of project are academic workers and students from out off-Prague universities involved in nuclear education. Particularity it covers 7 workplace at level of departments from 7 different faculties at 4 universities (University of West Bohemia in Pilsen, Technical University of Liberec, VŠB - Technical University of Ostrava and Brno University of Technology).

Information about project and state of its solution can be found at project web side: www.cenen-net.eu and homepage of CENEN: www.cenen.cz
